To keep the cost down, a large part of the path to the river to be a hard packed gravel and/or reinforced gravel trail with a mat surface below to support the foot traffic without removal of the surface soil. Approximately 170 linear feet may need to be 6' wide boardwalk.

Denny Keiser informed Tim Knutson he needs to add a two place vault toilet and 33' of pavement and curbing to come off of Click Rd.

Tim Knutson plans to walk the property tomorrow, September 13 to get an idea of how wet the site is with the recent rain.

Tim Knutson to come to the next meeting with a revised plan and more information for us to review.
- V. Joe Villemure gave Dan Goldsmith dimensions of walnut needed for the Jones plaque. Dan Goldsmith to get Doug Kendziorski the wood for process and finishing so it can be installed at the Jones Landing.
- VI. Spring Lake Park is being heavily used, more so then anyone can remember, especially by bikers and hikers.
